EMPLOYMENT

Co-op Software Developer **Orbis Communications** **Spring – Summer 2020**

Outcome Insights Module

- Built dashboard prototype providing configurable ‘at-a-glance’ data visualization for 12 installed modules
- Reworked existing module to upgrade visuals and usability of 50+ charts and tables

Outcome Campus Connect Accessibility Audit

- Modified product functionality and visual styling to adhere to WCAG 2.1 AA requirements

Co-op Software Developer **Orbis Communications** **Winter – Summer 2020**

Outcome Redesign

- Converted or rebuilt 200+ client facing pages from Bootstrap 3 to in-house, fully custom UI kit
- Wrote custom UI tags using Java/JavaScript/JSP to standardize functionality and reduce development time

Outcome Campus Connect

- Extended *ChartsJS* library with fullscreen mode, custom legend, better accessibility, live update on map scroll

Peer Tutor **Mohawk College** **Fall 2018**

- Provided additional support for students learning Python, HTML, CSS, Math, JavaScript, Java, Excel
- Supervised and supported student learning in weekly open labs

Researcher **Mohawk College** **Summer 2018**

- Analyzed and reported on student success across all Mohawk faculties by demographic and enrollment year
- Compiled post-graduation resource listings for students with special needs or disabilities
